ORGANIZERS

INDIA BUILDTECH 2022

India Buildtech Expo will provide an excellent opportunity for Indian & global players to showcase the absolute best of technologies in the areas of sustainable developments & infrastructure includes residential and commercial building, roads, bridges, dams, railway, power, and urban infrastructure development.

Exhibitors will display their innovations, construction equipment's & machineries, construction technologies, building materials, green building products and technologies use in create a green building to prospective collaborators and policy makers and will be able to connect and network with fellow entrepreneurs. The event will attract overseas exhibitors from America, Germany, Belgium, France, Japan, Korea, Canada, and Sweden, Netherlands, and other countries.

India Buildtech Expo is a platform for networking, Products promotion, business growth and the exchange of ideas and the exhibitors can also showcase their sustainable ideas, technology, equipment's and designs to entrepreneurs, innovators, Architects, Builders & Developers, Government representatives, Consultants, Contractors, Lighting Consultants, Town Planners, corporate, research and academic institutions and multilateral development institutions at this single meeting point.

Event Highlights

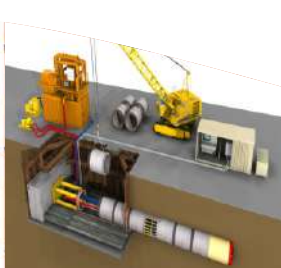

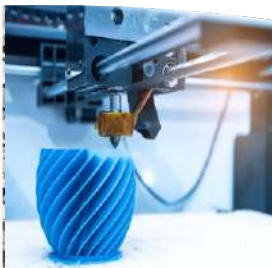

- A single meeting point for policy makers, analysts, experts, heads of state and stakeholders of the building & construction sector.
- Congregation of an exceptional quality of trade visitors with a high proportion of decision makers.
- A diverse mix of exhibitors and participants from the entire renewable energy value chain
- An opportunity for networking with experts, authorities, developers, suppliers and investors to exchange ideas and technologies

EXHIBITOR PROFILE

Construction Machinery & Equipment's

Construction Equipment's
Heavy Construction Machines
Construction Vehicles
Material Handling Equipment
Ready Mix Concrete Machine
Construction Tools and Equipment
Road Construction Equipment's
Earth Moving Equipment's
Hauling Equipment's
Concrete Making Equipment's
Quarry Equipment's
Pneumatic Equipment's
Slip Form Equipment's
Lifting & Handling Equipment's
Welding Equipment
Testing Machines
Site Work Safety Equipments

Construction Technology

Innovative Construction Supporting Tools
Ground Improvement Techniques
Sustainable Construction Technologies
Curtain Wall System & Facade Technology
Construction Chemicals
Surveying, Testing & Measuring Equipment
Building Automation Systems & Techniques
Trenchless Technology
Rat-trap bond walling technology
Automated Construction Equipment's
3D Volumetric Construction
Precast Flat Panel Modules
Formwork and scaffoldings
Pre-Engineered Buildings
Tunnel Formwork System
Flat Slabbing Technology
Pre-cast Foundation Technique
Hybrid Concrete Building Technique
Thin Joint Masonry Technique
Insulating Concrete Formwork (ICF) Technique.
Building Information Modelling Technology
Augmented Reality (AR) & Virtual Reality (VR) Technologies
3D Printing
Robotics & Drones
Artificial Intelligence and Machine Learning
Mobile and Cloud Technologies
Blockchain Technology
Solar Energy Technology for buildings
Water Proofing and Treatment

EXHIBITOR PROFILE

Building Materials

Bricks & Fly ash Bricks
Mud Blocks
Bath & Sanitary ware
Cement & Fibre Cement
Concrete & Reinforced Concrete
Cinder Block
Ceramic Tiles Mortar
Doors & Windows
Lifts, Elevators & Escalators
Glass, Glazing & Facades
Iron, Steel & TMT
Stone, Marbles & Granite
LED & Lighting
Aluminium
Hardware and Fittings
Electrical Products
Switches, Wire & Cables
Adhesives, Bitumen & Sealant
Paint, Putty & Coating
Plaster & Gypsum Board
Building Insulating Materials
Wood and Laminates Flooring
Plywood, Particle Board, MDF
Timber
Swimming Pools
Plumbing and Fitting
PVC / UPVC pipes
Roofing & Cladding
False Ceilings

Allied Industries

Air-Conditioning & Refrigeration
HVAC Products
Builders & Developers
Cleaning & Maintenance
Safety Materials & Equipment
Fire, Safety & Security
Pest control
Engineering Consultancy
Landscaping Materials
Pumps
Generators
Articulated Ladder
Parking Management System
Water Tank
Water Management Systems

EXHIBITOR PROFILE

Green Building Products and Services

Green Building Materials
Green Building Technology
Energy Efficient Products
Water Efficiency Management
Recycling and Waste Management
Green Building Projects
Green Building Consultancy
Design and Services

Others

Ministries, PSU's & Govt.
Organizations
Construction Software, IT, and Telecom
Services
Financial Services
Educational & Research Institutions
Trade Portals & Publications
Trade Associations
Architecture, and Interior Design
Services
Digital Mapping
Terrain Modelling

VISITORS PROFILE

**Architects
Builders & Developers
Contractors
Construction Companies
Civil Engineers
Interior Designers
Investors & Promoters
Corporate, PSUs & Government
officials
State Development Authorities**

**Consultants
City Planners & Project
Managers
Municipalities
Traders, Wholesalers and
Retailers
Energy Modelers
Green Building Facilitators
Universities & Research
Institutes
Trade Association & Media**

ABOUT ORGANIZER

INDIAN EXHIBITION SERVICES (IES) is a well established Exhibition organizing company in India that has been involved for the last several years in promotional activities like exhibitions, seminar & conferences, Road shows, buyer seller meetings etc. IES showcases the best of National & International Exhibitions & Trade Show in India. IES is largest show Manager for the B2B & B2C Exhibitions in India & Provide opportunities to Indian Exhibitors to target National and International market. IES also directly represent individual Organizers from India, China, Europe, USA, Japan, Russia, Singapore and the UK for selected events. of the Americas, MIAMI.

ABOUT CO-ORGANIZER
